

Partners in Empowerment

Duration: 01.01.2015 - 31.12.2018

Countries:

Armenia, Azerbaijan, Georgia, Republic of Moldova, Ukraine

EU contribution: € 1 000 000

Implementer:

PASOS

Project description:

The "Partners in Empowerment" project supports stronger, interconnected Civil Society Organisations (CSOs) in Armenia, Azerbaijan, Georgia, Moldova and Ukraine, helping them work together and draw on peer and international expertise to hold governments accountable by becoming effective watchdogs engaged in policymaking processes, and monitoring public services and government decisions.

Expected results:

- Sub-grants to promote 'learning by doing' guided by more experienced CSOs. Each sub-grant is combined with mentoring; institutional twinning, external project evaluation and strategic development support, and online advice platform.
- Two sets of regional workshops designed around the projects: one on peer learning and coalition building, one on the accountability of public institutions.
