

Improvement of Medico-social Care Services for People with Long-term Care Needs on both sides of the Nistru River

Duration: 31.08.2019 - 31.12.2022

Countries:
Moldova

EU contribution: € 1 100 000

Total budget: € 1 200 000

Implementer:

German Development Cooperation (GIZ)

Project description:

The project “Improvement of medico-social care services for people with long-term care needs on both sides of the Dniester River” is a three-year project funded by the European Union (EU) and co-financed by the Federal Ministry for Economic Cooperation and Development of Germany, under the general EU Confidence Building Measures Programme (V) - Health sector modernization.

The Project entails targeted aspects of confidence building on both banks of Dniester through participatory development, good governance and dialogue-promoting measures aimed at modernization of healthcare and social assistance services in Transnistria region.

Expected results:

1. One Pilot Day Care Centre established and operational.
2. Capacity development – approximately 700 professionals and non-professionals will be trained.
3. Relevant regulatory framework assessed and developed and piloted in the project area.
