Project description:

"Advancing Quality Education and Lifelong Learning Opportunities for All" project aims at contributing to human capital development in the Republic of Moldova, improving quality and relevance of education and lifelong learning opportunities for all, for better matching the labour market demands.

Expected results:

- improved quality and relevance of education and lifelong learning opportunities for all, for better matching the labour market demands
- strengthened institutions and system for teacher and school leaders' professional development resulting in enhanced quality of teaching and learning
- better education opportunities and learning environments for pupils/students and improved efficiency of the school network
- improved quality of teaching, increased access, and participation in education of all children, including children with Special Education Needs
- established and functional National Institute for Education and Leadership
- continuous professional training of teachers and managers
- approved Normative framework for Digital Schools and enhanced skills of teachers on inclusive digital pedagogy and STEAM education
- established and functional National Platform of Open Educational Resources?
- strengthened education system to provide quality inclusive education services for all children including children with disabilities through provision of assistive technologies
