Expected results:

- Jointly operated border crossing point built and fully functional in Palanca.
- Border management improved: better mutual control and exchange of information and data between Ukraine and the Republic of Moldova.
- Reducing corruption cases, fighting cross-border organized crime and illegal trafficking of goods and people.
- EU principles on excluding duplication of functions applied.
- One-stop-shop and single window concept implemented.
- Cross border traffic accelerated.
- Modern engineering equipment, control equipment and infrastructure for the crossing point provided.
- Border procedures simplified and optimized.
