Project description:

- at the level of local government to improve the necessary services and the needed infrastructure;
- at the level of the private sector to stimulate private investment, improve the economy and create employment opportunities for the men and women;
- at the population level to strengthen citizens participation in democratic governance processes and strengthen their capacities to demand their rights.

Expected results:

- Increased institutional capacity of LPAs for the implementation of locally-driven environmentally compliant socioeconomic development strategy for integrated local growth and development.
- Improved broader stakeholder (e.g. CSO, private sector) engagement in the planning and monitoring of the socio-economic development strategy.
- Increased quality and availability of public services delivery, including in particular those targeting women; and increased performance of local public utilities.
- More favorable conditions for the attraction of investments, job creation and women and men's entrepreneurship, including social entrepreneurship.
- Development and functioning of clusters in line with the smart specialization approach.
