**Project description:** ~language=en

The project aims to support the Government of Moldova in the implementation of its public procurement reforms in line with the European Principles of Public Administration, by offering technical support to the Ministry of Finance for the development of an electronic public procurement system to better serve the citizens and businesses in Moldova.

### Expected results:

- End-to-end e-procurement system developed and implemented.
- Public procurement stakeholders are capacitated to use the new e-procurement tool.
