Project description:
EU Confidence Building Measures Programme aims to bring closer people on both banks of Nistru river and help them trust each other by involving them in joint activities. Among them - creating joint businesses, common working platforms between associations, bringing people together at festivals and concerts, repairing buildings of local importance and creating media programs.

Expected results:
- To improve living conditions on both banks of the Nistru River by increasing economic opportunities and creating jobs.
- To develop communities through the increase of capacities of NGOs and LPAs.
- To strengthen thematic platforms created in the previous stage of the program for the cooperation of NGOs on both sides aiming to reduce disparities.
- To support culture as a pilot sector to develop and build trust.
- To improve capacities of media institutions on both sides to produce together attractive, qualitative and professional content for the social economic development of both banks.
