Project description:

The total project budget is 5 million euros. Within the framework of the general project, the program “Support to Local Authorities of the ATU Gagauzia” (SLPA) was launched with a duration of 24 months and a contribution from the European Union in the amount of 3 million euros.

One of the important components of the SLPA project is the CBM IV grant program for small-scale infrastructure for local public administration authorities of the ATU Gagauzia, which started in mid-2018.

The program covered small infrastructure projects that have an impact on economic development. Financial support (co-financing) is allocated for the implementation of projects aimed at promoting local development in the following three priority areas: Business Support Infrastructure, Basic infrastructure of local public services, Tourism infrastructure.

The program covered all the mayoralties of the settlements of the ATU Gagauzia. Based on the results of a qualified selection, the technical secretariat recommended the signing of agreements on financing the implementation of 20 projects in 20 settlements of Gagauzia for a total of almost 49 million lei, of which the contribution of the European Union will amount to more than 23 million lei.

Expected results:

- Better participation in decision-making and planning processes at the national level.
- Increasing transparency and accountability in decision-making processes.
- Promoting better public relations.
- Promoting regional development by enhancing the efficiency and effectiveness of the work of the Executive Committee.
- Creating an environment and opportunities for the exchange of local, regional, national and international solutions aimed at ensuring that investment, innovation and implementation at the local, regional and national levels have a sustainable impact on the lives and prosperity of people.
