### Project description

The overall objective of the project is to empower persons in neuro-psychiatric residential institutions and local CSOs to defend and monitor the rights of persons with mental disabilities in Moldova. The partners will promote greater awareness of the rights of people with mental disabilities through their empowerment as self-advocates; will carry on capacity-building of CSOs to enhance and to monitor the CRPD implementation in neuro-psychiatric residential institutions; and aim to combat discrimination of persons with mental disabilities living in neuro-psychiatric residential institutions and promote community for all.

### Expected results:

- Persons with mental disabilities from neuro-psychiatric residential institutions will know their rights and will be self-determined to advocate for them.
- Persons from neuro-psychiatric institutions are taken as equal: community people and services providers are positive to them.
- The Hotline services will be developed in order to provide assistance and support to persons with disabilities to defend their rights.
- At least 25 cases of rights violation will be documented and strategically documented.
- At least 25 local CSOs demonstrate capacities on monitoring the implementation of the CRPD in neuro-psychiatric institutions.
- 30 local CSOs will benefit of capacity building on project proposal writing.
- Six grass roots CSOs will benefit of small grants and institutional capacities to implement its.
