Project description:

eTwinning is the community for schools in Europe. This project provides staff (teachers, head teachers, librarians, etc.), working in a school in one of the European countries involved, with a platform on communication, collaboration, joint projects and information exchange. eTwinning has created a school without borders, a common educational space for teachers and pupils. eTwinning promotes school collaboration in Europe through the use of information and communication technologies by providing support, tools and services to project schools.

Expected results:

- Creation of new educational partnerships between pre-university educational institutions in the Republic of Moldova and the countries of the eTwinning community.
- Increasing the number of pre-university educational institutions, including schools and vocational / vocational training centers, of schools in rural areas involved in the eTwinning action.
- Increasing the number of quality educational projects, which leads to a higher teaching culture, higher quality of education, diversification of the traditional teaching framework with the latest trends in modern teaching and the formation of lifelong learning skills, an essential element of a qualified teacher.
- Increasing the use of ICT in the process of teaching-learning-evaluation and development of educational projects.
- Implementation of the Learning method based on the project in the disciplinary curriculum, a method that develops the skills necessary for the students for their future professional career, entrepreneurial competence, cooperation and teamwork, communication, development of critical thinking, problem solving and creativity, as well as life skills.
- Teachers and students will learn and strengthen their communication skills in a foreign language.
- Increasing the number of "eTwinning School" and the involvement of teachers in these schools, including school principals and the management team.
- Increasing the number of eTwinning Ambassadors and promoters in Moldova.
